INSTRUCTIONS

This form should be completed by the human resources specialist filing the position. The selected job candidate may need to provide the human resources specialist with more information, or additional documents than were in the original staffing file, used in the selection process. This employment agreement is meant to transcribe, in one convenient place, the information necessary to determine the foreign allowances applicable to the position as well as information used for budget estimation and the administration of permanent change of station relocation expenses.

- 1. Name:** Please provide your full name.
- 2. Social Security Number:** Please provide your full Social Security number.
- 3. Actual Place of Residence in the U.S.:** The actual place of permanent residence in the U.S. determination is a requirement of certain laws, such as 5 U.S.C. 5722 (PCS for a new appointee from the U.S. to the overseas post, and back again). The human resources specialist should determine the actual place of residence based on the Comptroller General Opinion, Rafael Arroyo, B-197205, May 16, 1980: (1) physical residence, (2) residence provided in agency records, (3) residence according to employment history, (4) individual or family association with an area, and (5) exercise of privileges and duties, such as voting, and income tax and property tax. Other Comptroller General opinions have added other consideration factors, such as the place of birth, education, or marriage.
- 4. Location of Overseas Post:** The human resources specialist should fill in the country and city of the overseas post, since this information is critical when determining the amounts of foreign allowances that may be applicable under the DSSR.
- 5. Duty Station Code:** Every Federal duty station has a 9-digit duty station code, whether domestic, non-foreign or foreign. Use this website to determine the duty station code: <https://dw.opm.gov/datastandards/dutystation/searchbyname>
- 6. Type of Overseas Post and Post Name:** This block concerns the type of foreign post and the name of the foreign post. This information helps to determine what resources are available for the job candidate, in particular, base housing and base medical services, for the job candidate.
- 7. Sponsoring Agency or Department Serviced by the MOA and this Agreement:** This data element captures the partner agency within the U.S. Government that is sponsoring the work done by GSA and GSA's position at the foreign post.
- 7a and 7b. Projected Date of Arrival and Tour of Duty End Date:** This information helps the agency to plan the permanent change of station of the job candidate, as well as other considerations, such as temporary quarters subsistence allowance. The end date of the tour is also used to determine when a managerial decision is made whether or not to allow the job candidate to remain at that foreign post, or, if the job candidate will instead be offered a job opportunity back in the United States.

- 8. Appointee's Organization:** For this row, please annotate which line or staff office that is employing the job candidate and also list the Organization Code, which is up to 4 digits, alpha-numeric.
- 8b. U.S. Post for Assignment Upon Expiration of the Final Overseas Tour:** Employees stationed overseas generally are not considered permanent employees in a foreign country due to the nature of the Status of Forces agreement between the U.S. and the foreign country. When the employee's future location has not been fully identified, users of the form may mark "TBD" (for To Be Determined) or "Nationwide" or "[GSA Organization] Nationwide" such as "FAS Nationwide."
- 9. Length of Assignment:** The length of assignment should match the time specified within the MOA between the agency and GSA. Typically the initial assignment is 3 years, and renewals are 2 years (up to 3 years). The length of the assignment confirms that the sponsoring agency is able to pay for the function back to the U.S. This data element also helps to determine, in certain cases, a timeline for eligibility for home leave under 5 U.S.C. § 6305. When the employee's future location has not been fully identified, users of the form may mark "TBD" (for To Be Determined) or "Nationwide" or "[GSA Organization] Nationwide" such as "FAS Nationwide."
- 10. Travel and Transportation Expenses to and From the Overseas Post:** This data element asks the human resources specialist to identify the "actual place of residence" for the purposes of determining costs for the foreign permanent change of station and also notifies the job candidate that there is a 12-month service agreement required by law and regulation once an agency has paid for these relocation expenses.
- 11. Home Leave and 45-day Leave Accrual:** This section describes whether or not a job candidate is eligible for home leave and the 45-day leave accrual ceiling. Not all hires are eligible for these authorities.
- 12. Differentials and Allowances:** This section describes the various differentials and allowances that the candidate is eligible for and have been authorized for the position.
- 13. Effect of Failure to Fulfill Terms of Agreement:** This section notifies the job candidate that if he or she does not satisfy the 12-month service requirement following permanent change of station GSA may create a receivable and collect the debt through salary administrative offset.
- 14. Certification:** This section asks the job candidate to ready carefully the full form, as completed by the human resources specialist, and that the job candidate agrees with the information and understands the requirements for accepting the GSA position and the offer of assignment to the foreign post. The agency signature should generally be the human resource specialist at GSA filling the position.
- 15. Cancellation:** This section annotates that GSA may cancel the overseas service agreement due to reasons beyond the employee's control. Cancellation of this agreement, and recall to the U.S., may occur, for example, if the employee becomes seriously ill and is medically evacuated.
